

Riverside Primary School Year 5 Homework Spring 2

<p><u>Geography</u> Look at the labels on a number of your clothes, food labels or anything and mark on a world map where the items have come from. Can you map a trade route by sea that they may have taken? <input type="checkbox"/></p> <p>How many countries can you find in just your house? <input type="checkbox"/></p>	<p><u>English</u> Find examples of sentences using brackets in books – copy one out. Do the same for inverted commas. Can you find a good example of a sentence with a relative clause in? <input type="checkbox"/></p>	<p><u>DT</u> Write a list of instructions, with diagrams if you want, for how to do cross stitching. <input type="checkbox"/></p>
<p><u>Science</u> Do an experiment to show how friction is different on different surfaces. Where will something roll or slide furthest? Keep the test fair. Do a diagram, results table and explanation of what you did. <input type="checkbox"/></p>	<p><u>Maths</u> Find all the everyday situations where you find decimals, fractions or percentages. Give examples from ingredients, recipes, computer games, adverts, money, special offers etc. <input type="checkbox"/></p>	<p><u>Music</u> Can you find out about percussion instruments? What are the biggest? Smallest? Which ones might you find in an orchestra? <input type="checkbox"/></p>
<p><u>French</u> Use some of the computer activities that we have practised in school to help embed vocabulary. You will need the codes from school for these but you may find plenty of other free activities online yourself. <input type="checkbox"/></p>	<p><u>PE</u> List and describe the different swimming strokes you have been learning. Write your own list of targets you need to remember for your own swimming performance. <input type="checkbox"/></p>	<p><u>RE</u> Research countries which have a crescent moon on their flag to represent the importance of Islam in their country. <input type="checkbox"/></p>
